

Community Activities

Helping others has its own set of rewards. Something special happens when people come together to accomplish a common goal for the benefit of others. A teambuilding event that gives back to the community makes participants feel good about themselves and the work they accomplish. Feelings of company loyalty and pride grow when working for a company that cares and wants to make a difference in the communities in which it operates and/or conducts business. We facilitate these dynamic interaction activities for companies looking beyond self-serving needs, while integrating the needs of the greater community. By turning teambuilding activities into community experiences, our events have lasting results.

Employees learn to work together and communities across the country or the world reap the benefits.

PAINT FEST!

Looking for the perfect group activity that also gives back? Experience the perfect **PaintFest** and help the **Foundation for Hospital Art (FFHA)** to bring comfort and hope through art to people in healthcare facilities around the world! Artistic talent is not required, anyone can do it! The designs are pre-drawn and color coded in advance - all you have to do is simply follow the dots and create your masterpiece!

A PaintFest is the perfect teambuilding and community service event. You'll build relationships with your co-workers and simultaneously enhance your company's corporate citizenship profile. Teams typically paint in groups of 12. A group of 10-12 people can usually complete one PaintFest kit in approximately 3 hours. The completed paintings are donated to hospitals in either the client's city, the host city, or around the world. The FFHA is a 501(c)(3) nonprofit organization and 100% of your contribution is tax deductible

Each PaintFest kit is \$700.00, which is 100% tax deductible

Activity set-up fee - \$150.00

Please allow 3 weeks to process the PaintFest kit order.

BIKE BUILD FOR CHARITY

The joy of being a kid and being presented with your first bicycle is unmatched. Remember that feeling? Yet many children throughout the United States are unable to experience that joy. This competitive event is extremely high-energy and interactive, with participants competing in teams to score points and earn bicycle parts. The event involves large numbers of people competing in physical and mental challenges straight out of the gate, and calls for team participation and strong support throughout! At the end of the day, points are tallied, but the real winners are the children that receive the assembled bicycles and Big Wheels as a donation! Is your group ready for the great team challenge?!

We partner with local children's organizations (such as Big Brothers Big Sisters, Ronald McDonald House Charities, etc.), to offer this activity. This activity will contribute a memorable gift to children who would otherwise never have the joy you experienced while riding your first bicycle.

***Please inquire for pricing.**
