

Horticultural Gardens

Sandhills Community College was chartered on November 7, 1963. Five years later the Landscape Gardening School was initiated. In 1978 the **Sandhills Horticultural Gardens** became a reality with the establishment of the Ebersole Holly Garden. Over the years, additional gardens have been implemented, including the Rose Garden, the Conifer Garden, the Sir Walter Raleigh Garden, the Hillside Garden, the Fruit & Vegetable Garden, and the Desmond Native Wetland Trail Garden. Today the Sandhills Horticultural Gardens cover twenty-seven acres. They are open to the public every day of the year from dawn to

sunset and offer an educational adventure to anyone with an interest in plants, nature, and design composition. Afternoon tea in the gardens can be arranged for an additional charge.
