---

If you love a good thrill, then you should experience the excitement of Skydiving. Just 30 minutes from Pinehurst your Skydiving adventure awaits. For first timers, **Raeford Parachute Center** will accommodate your Tandem Skydive, which includes instruction, complete equipment, (parachute, harness, jumpsuit, helmet, goggles and altimeter), tandem master, aircraft slots and the actual skydive.

More than 300,000 people make their first jump every year. A tandem jump utilizes a dual harness parachute. Safely attached to your tandem master, you exit the aircraft 12,500 feet in the air and FREEFALL together for approximately 60 seconds.

At 5,500 feet you will deploy your parachute and enjoy an extended canopy flight descending slowly, making gentle turns through the sky for approximately 4 minutes.

Training for the jump itself requires approximately 90 minutes. However, scheduled times are only approximate. Therefore, tandem students should allow 3 hours after their scheduled jump times for completion of the jump. Due to equipment limitations, tandem students must weigh no more than 230 pounds. **You must be 18 years or older, and be in good physical health to skydive.** Physically challenged individuals may skydive.

**Price per person for tandem instruction: \$215**

**To include a freefall video-photographer to capture your special moment, add \$125/per person.**

**Transportation: Based on number of guests. Please inquire pricing for transportation.**
